

To affix this repositionable parking permit:

- 1.** Remove all expired parking permits.
- 2.** Make sure window surface is warm and clean so decal will adhere.
- 3.** Remove protective cover from permit.
- 4.** Affix permit on the lowest corner of the driver's side of the front windshield. Permit should be fully visible from outside vehicle, but not obstructing the driver's line of sight.

This permit is not a permanent sticker. It can be peeled off and transferred to any other vehicle belonging to the permit holder.
