**Notes:**

- Only 15 hours of CRJ/LEG will apply towards the Criminal Justice Bachelor of Science degree at IU Southeast, those who plan to pursue this degree should meet with an IU advisor before selecting their courses.
- A maximum of 64 credit hours will transfer to IU Southeast from any combination of accredited Community Colleges (2-year institutions)
- Please contact your advisor at Ivy Tech CC and Admissions at IU Southeast to determine how credits will apply to both your Associate's degree and Bachelor's degree.
- Courses that transfer as undistributed credit can be used to fulfill degree requirements at the discretion of your degree-granting school. Some may require additional tests, portfolio review, course descriptions or syllabi.
- In summer 2001, some Ivy Tech campuses began using Vincennes University's department names and course codes. As a result, the Ivy Tech transcript may have VU departments and course numbers in place of the approved Ivy Tech departments and course numbers. When the Ivy Tech and Vincennes courses are listed together, they are considered equivalents in this guide. Ivy Tech departments and numbers are listed in bold print. Bold numbers in (parentheses) are new ITCC numbers effective Summer 2005.
- Each course is effective dated, and the course will transfer as long as a grade of C or higher was earned, unless specified otherwise.
- While every effort is made to provide accurate and current information, Indiana University reserves the right to change without notice statements listed herein concerning rules, policies, courses, or other matters.
