MONDAY—APRIL 29TH

- **DIVE AND SNORKEL VOLCANO FIREPIT**
- **MOLOKINI CRATER**
- This partially submerged volcano has one side eroded away by wave action making an open bowl to the ocean. Along the inside rim, perhaps the most popular spot in the state to snorkel, there are plentiful fish and clear water normally. The back wall plummets to depths beyond scuba limits and experienced divers can enjoy more advanced conditions here. The end of the reef facing the old naval target island of Kahoolawe is called Reef's End and has shark ledges, larger fish, drop offs and strong currents on most days.

TUESDAY—APRIL 30TH

- **MORNING: DIVING, SNORKELING**
- **AFTERNOON: OPTIONAL FISHING, HIKING, BEACH ETC.**
- **KAUAI--THE GARDEN ISLE**

WEDNESDAY--MAY 1ST MORNING
