The number of senators to which each school and the library is entitled is determined by the number of resident faculty at the time of election. For the purpose of determining the number, two half-time positions sharing the responsibilities of a full-time position shall constitute the equivalent of one resident faculty member.

SECTION 2: REPRESENTATION FOR PART-TIME FACULTY

Part-time faculty shall be entitled to two representatives. These shall be elected by the part-time faculty.

ARTICLE VII: ELECTION OF SENATORS

SECTION 1: ELIGIBILITY

The persons eligible to vote for school or library senators shall be the resident faculty, consisting of professors, associate professors, assistant professors, instructors, and part-time faculty. Administrators who have been granted tenure by a school or the library, but who are not automatically members of the Senate, shall be considered as resident faculty within a school or the library. With the exception of those persons who are automatically members of the Senate, all those eligible to vote shall also be eligible for election. All current faculty members who are part-time faculty are eligible to vote for, and to be elected as, part-time faculty representatives to the Faculty Senate.
SECTION 2: Certification of Number of Senators to Be Elected

By the thirteenth week of the fall semester, the Executive Vice Chancellor for Academic Affairs shall certify to the President of the Faculty Senate the number of resident faculty in each of the schools and the library to determine representation in the Faculty Senate. By the fourteenth week of the fall semester, the President of the Faculty Senate shall notify the administrative head of each school and the library with Senate representation as to the number of senators to which that school and the library are entitled.

SECTION 3: Method

A. Each school and the library shall approve an official procedure for its own nominations and election, consistent with the following provisions. Before the fourth week of the spring semester, the administrative head of academic schools and the library shall call and supervise the election of senators. The election of senators from the adjunct faculty shall be supervised by the President of the Faculty Senate.

Election shall be by secret ballot and consistent with the provisions stated in Article VI, Section 1, Part C.

B. Before the fourth week of the spring semester, the President of the Faculty Senate shall elicit nominations from the members of the faculty who are part-time faculty and shall conduct the election of the two part-time faculty senators by secreted ballot in accordance with the principles set forth in Article VI, Section 2 and Article VII, Section 1.

C. By the fourth week of the spring semester, each school dean and library director shall send the names of the elected senators to the President of the Faculty Senate. In the fall or spring semester, a special election must be called no later than one month after a vacancy occurs. When vacancies occur in the summer, a special election must be called during the first two weeks of the fall semester.

Any faculty member who suspects election irregularities may petition the Executive Committee to review the case. If the evidence so warrants, the Executive Committee may require the school or the library to hold another election.

SECTION 5: LENGTH OF TERM

Senators shall be elected to service for two-year, staggered terms beginning the first day after the end of the spring semester; however, they shall elect officers and committee members prior to that day. Those senators elected by a special election to fill vacancies shall serve only the unexpired term of office. There shall be no restrictions on the number of times a person may be re-elected.

To initiate the staggered terms, during the first year the senate terms are lengthened, the schools or the library should elect half, or as close as possible, of their faculty representative to serve full, two-year terms and the remaining faculty representatives to serve one-year terms.

SECTION 6: RECALL

A school or the library may at any time, by a two-thirds vote of the respective faculty, recall any of its senators. Such a recall must be discussed at a school or library meeting, and then voted upon at a subsequent meeting no less than one week later. Vacancies so created will be filled by special election.

ARTICLE VIII: ELECTION OF OFFICERS, SUPPORTING BODIES, AND OTHER REPRESENTATIVES OF THE SENATE

SECTION 1: PRESIDENT OF THE FACULTY SENATE

A. The President of the Faculty Senate shall be elected before any other officers or members of the supporting bodies. The President of the Faculty Senate shall be chosen by the newly-elected Senate by the seventh week of the spring semester. Votes will be cast by secret ballot. To be elected President of the Faculty Senate, a nominee must receive a majority of votes cast.

If the remaining term of office is less than one semester, the senior member of the Executive Committee shall service as President of the Faculty Senate for the remainder of their term of office. Seniority will be determined by the date of appointment as a full-time resident faculty member. If the remaining term of office is at least one semester, a new President of the Faculty Senate shall be elected in
accordance with the procedures described in paragraph A. The election of the President of the Faculty Senate shall take place within two weeks after the vacancy occurs. The members shall be elected in accordance with the requirements of Article V, Section 3, part A. The newly elected Nominating Committee shall submit nominations from the full-time teaching faculty, and other nominations may be made. Each elected senator shall be entitled to vote by secret ballot for five members. The candidates receiving the highest number of votes in each professorial rank shall be elected. The elected alternate who receives the highest number of votes shall be designated the first ranking alternate, and the other elected alternates shall be designated the second, third, fourth, and fifth ranking alternates according to the number of votes each receives.

The members and alternates shall be notified by the Faculty Senate President within five working days of their election. Upon notification the member with most senior academic rank shall, again within five working days, convene the Board to elect a chairperson.

SECTION 7: ELECTION PROCEDURE

The Faculty Senate shall conduct its elections for officers and positions via electronic voting. By week five, the current Nominating Committee will nominate at least one candidate for President of the Faculty Senate for the following year and send an email ballot to voting senators of the new Senate. The new senators will have three working days to nominate other candidates. After the three-day period, all nominees shall be presented to the new Senate members via email ballot. For a nomination to be valid, nominees must send the Secretary an email declaring their willingness to serve if elected. Then, senators will have five working days to vote for President. In case of a tie, the Secretary will conduct additional ballots. The candidate who receives the most votes will be elected.

For other officers, the Nominating Committee will send nominations to voting members of the Senate two weeks before an election. Members of the Senate have three working days to nominate other candidates for officers (Executive Committee and Nominating Committee) after receiving the initial nominations. After the three-day period, senators shall have five working days to vote by email ballot circulated by the Secretary. Tabulated results of the election shall be certified and announced by the Secretary. Further, the Nominating Committee will propose a slate of committee chairs and candidates for committee members not elected by schools and the library. The Senate will vote for those committees within five working days. In the event that any chair or slate does not receive a majority vote, the Nominating Committee will have three working days to nominate a second chair or slate of candidates. Senators will have five working days to vote electronically on the new chair or slate.
This process will continue until all chairs or slates receive a majority vote.

BY-LAW NO. 3 - PROCEDURES AND POLICIES OF THE FACULTY BOARD OF REVIEW

A. PURPOSE, POWERS AND TERMS OF OFFICE

(1) The intent of these provisions is to enable Indiana University Southeast to ensure academic freedom and tenure and to guarantee the requirements of academic due process. The principles implicit in this By-Law are for the benefit of all full-time faculty and where appropriate for associate faculty.

(2) In accordance with the discretion granted to the Faculty Board of Review in Article V, Section 3, paragraph F of the Faculty Senate Constitution, the jurisdiction of the Faculty Board of Review shall extend to issues of academic freedom, discipline, dismissal, salary adjustment, and the nature and conditions of work, as well as matters of promotion, tenure and reappointment.

(3) In the course of a review, the Board shall have the power to request reconsideration of a decision or a recommendation when it determines that:

* inadequate consideration was given to the faculty member’s qualifications

*specified procedures were not followed

*erroneous information substantially affected an appealed decision

(4) Members of the Faculty Board of Review will be elected in the spring of each academic year, in accordance with the provisions in Article VIII, Section 5 of the IUS Faculty Senate Constitution. Terms for members of the Faculty Board of Review begin August 15 and end August 14 of the following year. The members of the Faculty Board of Review with whom a case originates will see it through to its conclusion even if their term expires.
The grievant shall be allowed to choose either open or closed procedures at formal hearings. The Faculty Board of Review shall develop rules to ensure that the confidentiality of all its proceedings, excepting open hearings, is preserved, and that its findings and recommendations are determined and communicated without undue publicity.

B. SUBMISSION OF CASES

(1) In promotion, tenure, and reappointment cases, only decisions by the Chancellor may be the subject of a review; the Faculty Board of Review does not control the decision-making process and shall accept an appeal only after the Chancellor has made a decision. It is understood that decisions subsequent to the Chancellor's also may be subject to a grievance.

(2) A faculty member wishing to present a case to the Faculty Board of Review shall submit a written notice to the chairperson of the Faculty Board of Review, with copies to the appropriate school, Review Committee, Academic Dean, Director, Executive Vice Chancellor for Academic Affairs, and the Chancellor. The written document shall, when appropriate, cite the procedures violated and give the grievant's evidence as to the existence of a case. The document shall also describe efforts made to exhaust other remedies such as meeting with the committee members and/or administrators who are responsible for the challenges and indicate the results of these efforts.

(3) In all cases involving reappointment decisions, including tenure cases, a grievance must be filed no later than August 1, of the academic year following the decision. In all other cases, a grievance must be filed no later than six months following the date of the challenged action. In cases involving a series of actions, or repeated actions, the statute of limitations shall be six months from the date of the last challenged action. The Faculty Board of Review shall have the sole power to determine whether the grievant's case has been filed within the specified time limits.

(4) The document is considered in its final form at the time of submission to the Board, except for supplementary evidence that the Board may request.

C. INITIAL CONSIDERATION OF A CASE

(1) The chairperson of the Board shall request a written response from the appropriate party (School Review Committee Chairperson, Executive Vice Chancellor, Chancellor), which response shall include a review of the procedures employed and any additional facts, with sources, dates, and the reason(s) and the reason(s) leading to the decision. The response should be submitted within ten working days from the date requested.
During the initial study of the case, the Faculty Board of Review may:

(a) Request additional data from any party concerned
(b) Interview either party separately
(c) Interview witnesses suggested by either party
(d) Conduct an informal review session with both parties without cross questioning
(e) Request additional meetings with either party for further clarification

On the basis of the evidence gathered, the Board shall decide whether or not sufficient matter for an appeal exists. This decision shall be made according to the policies stated in Article V, Section 3, paragraph F of the IUS Faculty Senate Constitution. The Board may choose to terminate a case at this point or decide to proceed to a formal hearing. The decision by the Board to reject a case or to proceed to formal hearing must be sent to all parties concerned within five working days of said decision.

Should the faculty member wish to withdraw the appeal, this may be done at any time prior to the beginning of the formal study of the case. Once the formal hearing has begun, the grievance may be withdrawn only by the mutual consent of the parties and the Faculty Board of Review.

D. FORMAL HEARING:

(1) If the Board decides not to reject an appeal, a formal hearing automatically will be initiated.

(2) At the formal hearing:

(a) The chairperson of the Faculty Board of Review, or a designated member of the Board, will serve as the presiding officer

(b) The faculty member, or a chosen representative, may make a statement outlining the case

(c) The other party or representative may make a statement

(d) Either party may be questioned by legal counsel and by each other

(e) Members of the Faculty Board of Review may question either party

(3) The Faculty Board of Review shall prepare a written summary and a taped record of its proceedings in both formal and informal hearings, and these shall be available to members of the Board and both parties.

(4) Each party may have its own legal counsel or advisor at formal or informal hearings. It can only react as a Board of Faculty Members who make recommendations based on their experience in academic life and their wisdom as professors.

(5) The chairperson of the Board, or in the event of the chairperson's leaving the
University, a school secretary, bound by the same terms of confidentiality, shall keep the detailed accounts of the case. These files shall be kept for at least five (5) years and shall not become the property of any succeeding Board.

E. PROCEDURES FOR REPORTING RECOMMENDATIONS

1. Once the Faculty Board of Review has reached a decision in a case, it shall issue a final report within two working weeks. The report should summarize the evidence received on the issues considered relevant by the Faculty Board of Review and declare what the Board finds to be the facts (resolving disputes where resolution is necessary). Upon the basis of facts found by the Faculty Board of Review and its stated interpretations of meaning of policies (resolving disputed interpretations where resolution is necessary), the Faculty Board of Review should state its conclusions and make recommendations based thereon in accordance with Section A-3 of this By-Law.

2. The copies of the final report of the Faculty Board of Review shall be sent to the petitioner and to anyone who has acted in behalf of the University in the case in question [e.g., the Chancellor, the Executive Vice Chancellor for Academic Affairs, the Dean of the School or the Director of the Library (where appropriate), and the Chair of the Campus Review Committee (where appropriate).]

3. If the Chancellor, upon receipt of the Faculty Board of Review recommendation, proposes to take action substantially different from that recommended by the Faculty Board of Review, the Chancellor shall first review the case with the Board. The Chancellor shall, in writing, advise the interested parties of the decision and the reasons therefore.

4. In giving the annual Faculty Board of Review report to the Senate, the chairperson shall indicate only the number of cases received with the disposition of each one. Any procedural recommendations which would enhance the operation of future Boards may be made at this time.

I. SCOPE AND DEFINITION:

This policy provides procedures to review complaints against faculty members of substantial or chronic incompetence, serious professional misconduct, or violations of formal rules of the University, such as violations of the Code of Academic Ethics. (1)

Communication and action protected by principles of academic freedom may not be judged misconduct.

When deficiencies are found pursuant to this policy, the Committee may recommend development of a program to remedy those deficiencies (see §V.G.3, below) or a range of sanctions, including dismissal (see §V.G. 4, below). When a faculty member has been the subject of a recommendation made pursuant to an alternative disciplinary procedure, approved by the University Faculty Council or the IUS Faculty Senate, the faculty member is not entitled to proceedings under this resolution.

(2) The faculty members covered by this policy shall include IUS tenured and tenure-eligible faculty and librarians.

1. Cases of serious personal misconduct may be the subject of administrative action, with the right of the faculty member to petition the Faculty Board of Review for review of such action as a grievance.

2. There are alternative procedures for certain types of misconduct, including the Procedures for Responding to Allegations of Research Misconduct, the procedures under the Student Code of Ethics relating to claims against faculty members, and the Affirmative Action Complaint Procedures Guidelines.

II. COMMITTEE MEMBERSHIP:

By May 1 of each year, the elected faculty representatives of the IUS Faculty Senate shall elect five tenured members of the faculty as the IUS Faculty Conduct Review Committee and five tenured faculty members to serve as alternates. The members of the Committee shall select their own presiding officer immediately following their election. The members shall hold office from the first day of May for staggered terms of two years. Members and alternates shall complete the review of any case which they have begun to consider. At least two years shall elapse between terms of office of regular members of the Committee.

In offering nominations for election to the Faculty Conduct Review Committee, consideration should be given to representation across academic ranks and among the library and schools of the University.

If a member of the Committee cannot serve during a review, the Chair of the Committee shall select an alternate member from the pool of elected alternates.

V. PROCEDURES:

A. Complaint Initiation and Notification

Such informal adjustment negotiations would be mediated by a person or persons unaffiliated with the Committee or the parties. In cases where the Parties cannot negotiate an informal adjustment, and in cases where the Committee determines such informal adjustment is not appropriate, the Committee shall provide written notification of such determination to the Library Director or Dean and the Faculty Member within 30 Working Days from receipt of the Request.

The term "informal adjustment" means alternative dispute resolutions, such as negotiation or mediation, to achieve mutually agreeable settlements. Any such settlement may be recorded at the request of the Faculty Member.

6. The Committee, based on the Director or Dean's Request and the Faculty Member's written response, may decline to proceed if it determines there is an insufficient basis to merit formal proceedings and shall, in that case, proceed to make its recommendation accordingly pursuant to §V.G below.

   The Parties shall be notified in writing of such a decision within 10 Working Days after receipt of the Faculty Member's response, but in any case no later than 25 Working Days after the date of the Request.

Objections shall be made in writing to the Chair within 5 Working Days after notification of the membership, pursuant to §V.A.3.c above. The Committee, acting without the participation of the members objected to, shall consider the objections and, if reasonable, the Chair shall replace the person(s) with alternate(s) who do not have a Conflict of Interest.

C. Due Process:

1. In all of its proceedings the Committee shall be governed by principles of due process and orderly procedures for ensuring the impartial examination by the Committee of all pertinent facts, University policies and procedures, and the legitimate interests of all parties involved.

2. The Faculty Member shall be afforded an opportunity to obtain necessary witnesses, and documentary and other evidence.
   a. The Faculty Member and the Library Director or Dean will provide to the Committee and to each other the names of all persons he or she wishes to call to testify within 5 Working Days after notice of the date set for the hearing. Thereafter, witnesses may be added only with the consent of the committee.

The Committee, however, in its discretion, may require that witnesses be excluded from any hearing prior to their own testimony.

4. An audio or video tape recording of the proceedings shall be made and transcribed; and a copy of the transcript shall be provided to each Party. The audio or video tape shall be maintained as part of the record pursuant to §V.I.

5. The Faculty Member may, in his or her sole discretion, waive the right to a hearing hereunder or stipulate to certain facts.

D. Emergency Cases:

1. In cases of alleged misconduct which the Chancellor determines require immediate actions to protect the interests of members of the University community, the Faculty Member may be suspended with pay or reassigned. The Chancellor shall give the Faculty Member notice of the emergency action and shall offer the Faculty Member the opportunity for an informal conference to discuss the emergency action.

2. If the Faculty Member objects to the propriety of the emergency action, the Faculty Member shall notify the Chancellor and the Committee of that fact in writing. The Chancellor shall, within 2 Working Days, provide the Committee and the Faculty Member a memorandum specifying the information on which the Chancellor is acting and the reasons why that information justifies the emergency relief. Except in the cases of open hearings pursuant to §V.C.3 above, and, except for simple announcements as may be required, such as the time of the hearing and similar matters, public statements and publicity about the case by either Party shall not be allowed until the proceedings have been completed, including consideration by the FBR. The members of the Committee and all persons contacted in connection with the Committee's review shall be reminded that they are responsible for maintaining confidentiality of the case.

If the Committee finds that the Faculty Member has met accepted standards of conduct, the Committee shall make its recommendation accordingly pursuant to § V.G below.

It should make explicit findings of fact with respect to each allegation and list the evidence relevant to that finding. The decision should then state the Committee's recommendations. The report and other retained documentation must be sufficiently detailed to serve as a basis for the Director’s or Dean's action on the Committee's recommendations and to permit a later review by the FBR, should the Faculty Member grieve the Director’s or Dean's actions.

2. Findings of misconduct and recommendations of sanctions shall be based on substantial evidence developed in the hearing record considered as a whole. Based on its findings, the Committee may recommend that no action is warranted, that a remediation plan be developed pursuant to § V.G.3 below, or that sanctions be imposed pursuant to § V.G.4 below.
3. The Committee may recommend a plan designed to assist the Faculty Member in remedying the identified deficiencies.
   a. The plan will be developed by the Director or Dean, or other administrative officer appointed by the Director or Dean, and the Faculty Member.
   b. At the request of either the Faculty Member or the Director or Dean or such other administrative officer, the assistance of a third party (a mediator or a professional expert in the problem area identified) will be provided to assist in the development of the plan.
   c. A plan should identify the deficiencies to be addressed, define goals or outcomes that are needed to remedy the deficiencies, outline the specific activities and programs that should be completed to achieve these goals and outcomes and indicate the appropriate benchmarks to be used in monitoring progress.
