4.2 Summarize data and trends from the data linked above, reflecting on the prompts below.

What has the provider learned from reviewing its Annual Reporting Measures over the past three years?
 Discuss any emerging, long-term, expected, or unexpected trends? Discuss any

*programmatic/provider-wide changes being planned as a result of these data?
Are benchmarks available for comparison?
Are measures widely shared? How? With whom?*

We have submitted all accreditation reports to CAEP. Our site visit for accreditation was in Fall 2020 and we are currently waiting for the results. Many factors, such as the economy, change in demographics, and the change in testing seemingly have negatively impacted the number of students entering our programs and those seeking teaching licensure. The campus and School have support programs for recruitment and retention of candidates. The School applied for several grant opportunities and was awarded for the following: recruitment and preparation of STEM teachers, improvement of school counseling program, teacher-residency collaborative projects with K-12 schools, reading clinic for middle school kids, community engagement project with English learners, writing project with K-12 educators, etc. We have submitted an annual report to CAEP on April 30th with an update on our efforts at meeting the national accreditation standards. We are planning transition our data collection to Canvas-Outcomes. We utilized data for program improvement through the use of Taskstream (data software) as our assessment tool. Budget constraints motivated us to look for another alternative to TaskStream. We conduct data review days twice a year to discuss our data and close the program feedback loop. We utilize our advisory councils and annual surveys to gather input from stakeholders on program and candidate performances. The biggest challenge this year is the situation presented by the pandemic and the shift to virtual teaching. With the help of the campus resources, faculty were given professional development workshops and resources to effectively implement virtual teaching.

WE have so many new initiatives for the coming academic year for assessment and accreditation needs and changes suggested by the site team.

Note: Employer surveys: School of Education did not administer the employer survey for the past academic year due to the pandemic. It will resume administering this coming academic year.

Section 8: Preparer's Authorization

Preparer's authorization. By checking the box below, I indicate that I am authorized by the EPP to complete the 2021 EPP Annual Report.

I am authorized to complete this report.

Report Preparer's Information

Name: Rachel Star

Position: Associate Professor, CAEP Coordinator

Phone: 812-941-2641

E-mail: rpstar@ius.edu

I understand that all the information that is provided to CAEP from EPPs seeking initial accreditation, continuing accreditation or having completed the accreditation process is considered the property of CAEP and may be used for training, research and data review. CAEP reserves the right to compile and issue data derived from accreditation documents.

CAEP Accreditation Policy

Policy 6.01 Annual Report

An EPP must submit an Annual Report to maintain accreditation or accreditation-eligibility. The report is opened for data entry each year in January. EPPs are given 90 days from the date of system availability to complete the report.

CAEP is required to collect and apply the data from the Annual Report to:

1. Monitor whether the EPP continues to meet the CAEP Standards between site reviews.
2. Review and analyze stipulations and any AFIs submitted with evidence that they were addressed.
3. Monitor reports of substantive changes.
4. Collect headcount completer data, including for distance learning programs.
5. Monitor how the EPP publicly reports candidate performance data and other consumer information on its website.

CAEP accreditation staff conduct annual analysis of AFIs and/or stipulations and the decisions of the Accreditation Council to assess consistency.

Failure to submit an Annual Report will result in referral to the Accreditation Council for review. Adverse action may result.

Policy 8.05 Misleading or Incorrect Statements

The EPP is responsible for the adequacy and accuracy of all information submitted by the EPP for accreditation purposes, including program reviews, self-study reports, formative feedback reports and addendums and site review report responses, and information made available to prospective candidates and the public. In particular, information displayed by the EPP pertaining to its accreditation and Title II decision, term, consumer information, or candidate performance (e.g., standardized test results, job placement rates, and licensing examination rates) must be accurate and current.

When CAEP becomes aware that an accredited EPP has misrepresented any action taken by CAEP with respect to the EPP and/or its accreditation, or uses accreditation reports or materials in a false or misleading manner, the EPP will be contacted and directed to issue a corrective communication. Failure to correct misleading or inaccurate statements can lead to adverse action.
