Secondary T2T students are taught how to integrate technology into lesson design, use Inspiration, integrate LOGO in lessons, design PowerPoint presentations, use Photoshop, use Desktop Publishing, Excel, design a web site, and develop spreadsheets among other things.

The Elementary T2T program students learn how to use technology if they are assigned to a school that is using it. When they student teach they are required to input data and use the data to improve teaching and learning. Not all schools are using that type of technology. There will be a new class added to the program to address technology.
