SURVEY PURPOSE AND REPORT STRUCTURE

The Indiana University Southeast Graduating Student Survey is administered to students when they apply for graduation and collects data regarding post-graduation plans, employment and income, applied learning experiences, factors influencing student satisfaction with their experiences at IU Southeast, diversity and culture, campus safety and self-perceived level of abilities. This multi-year report is intended to provide information regarding how these data have changed from year to year. This information can be used to support decision-making that facilitate change in response to the dynamic needs of the student population.

Because the survey instrument has evolved in recent years, only two iterations of data have been tabled in this year's report. This number will increase as the instrument stabilizes in the coming years. In addition, last year was the first in which respondents to the survey who did not receive their degree in the survey year were excluded from analysis. Many of these students graduate a semester or two after their expected survey year. The practice of the Office of Institutional Research and Assessment (OIRA) is to compare the list of respondents to the list of graduating students, remove those respondents who do not graduate in the survey year cycle, and add their responses to the survey year cycle in which they ultimately graduate. Lastly, beginning with this report and to maintain consistency with the academic "graduating" calendar, respondents are included who graduated in the Fall-Spring-Summer cycle (Fall 2012 and Spring and Summer 2013) rather than Summer-Fall-Spring as in previous reports. This will remain consistent going forward.

In addition, individual question response rate varies, as all survey questions were voluntary and some respondents chose not to answer certain questions. We have chosen to include partial responses in the data report. Unless otherwise indicated, non-respondents are excluded in tabled data counts and percentages.

Multiple reports have been made to varied constituents including: Academic Council, Alumni/Community Relations, Career Development, Enrollment Management, Facilities, General Education and Student Affairs. These and any ad hoc reports will be posted on the OIRA website to support the institution's mission of transparency and to encourage respondents to take future assessments. Complete data tables for multiple years and across all questions and answer categories can be obtained via request to Ron Severtis in OIRA at rseverti@ius.edu.

Part 1

IU Southeast Graduating Student Survey

This on-line survey consists of 4 sections and will take about 15 minutes to complete. Please complete all of the items on the survey. The information you provide here will help the university make decisions that will help IU Southeast become stronger and more student-centered.

Use the Next and Back buttons in the bottom-right corner of the screen to navigate through the survey. Next moves to the next page, while Back moves to the previous page. At the end of the survey, be sure to click the final Next button to submit your responses. **You will need to complete this survey on a computer with access to a printer.**

Your responses will be used only for institutional research purposes. Employer information may be utilized by IU Southeast Career Services, but your responses on this survey will NEVER be associated with that information. The identities of respondents will remain confidential and will not be revealed in any publication or presentation of the results of this survey. Data will be kept in a secured, limited access location. There are no foreseeable risks by participating in this study. If you have questions about your rights to participate in this survey, you may contact the Office of Institutional Research and Assessment at Indiana University Southeast at (812)-941-2293.

IMPORTANT NOTE: Please PRINT AND ATTACH the validation page at the end of this survey to your APPLICATION FOR GRADUATION.

Please click the Next button to continue the survey.
